Mentoring and Citizenship Agreement

It is required that this page be signed and returned to the A+ Coordinator PRIOR to beginning the 50 hours of tutoring/mentoring.

Tutoring/Mentoring Guidelines:

I agree to act with the utmost respect to the student/students involved, the supervising staff, and any other person with whom I may have contact. I agree to be present during my scheduled tutoring/mentoring session or to notify families and teachers of any absences well in advance.

I understand it is my responsibility to communicate with families and teachers directly about tutoring/mentoring times, locations, and expectations. I commit to checking my email frequently to ensure I do not miss valuable information about scheduling changes, etc.

By my signature below, I further agree to assume assigned tutoring/mentoring tasks at the agreed upon date, time, and location.

Good Citizenship Requirement:

I also understand that good citizenship is required in order to successfully complete the program, which will be evaluated based on my behavior on and off campus, as well as how well I adhere to the tutoring/mentoring guidelines outlined above.

I understand that failure to comply with the guidelines of the program may result in loss of eligibility for both the A+ Scholarship Grant and further assignments. (The process by which any removal from the program may be appealed can be found in the A+ Coordinator's office.)
